**Flags**

**Blue Flag**  
Stationary - Another competitor is following close behind.

Waved - Another competitor is trying to overtake.

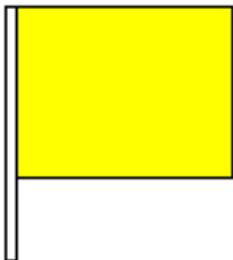

**White Flag**  
A service car or slow moving car is on the circuit.

**Black/White Diagonal**  
A warning, to the driver that his behaviour is suspect and that he may be black-flagged on further reports. Displayed with a white number.

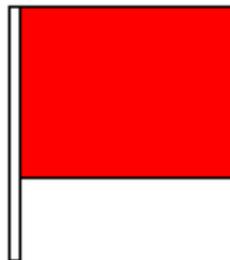

**Black Flag**  
The driver must stop at his pit within one lap of receiving the signal and report to the Clerk of the Course. A penalty of exclusion may be enforced by display of the Black flag. Displayed with white number.

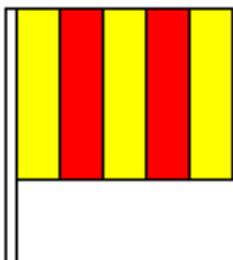

**Yellow Flag**  
Stationary - Danger, slow down sufficiently to ensure that full control of the vehicle can be retained. No overtaking.

Waved - Danger. Slow down considerably. Be prepared to take other evasive action including stopping if necessary. No overtaking.

**Red Flag**  
Immediately cease driving at racing speed and proceed slowly, without overtaking, and with maximum caution to pits or start line obeying marshal's instructions, and being prepared to stop should the track be blocked.

**Yellow/Red Black**  
Stationary - Slippery surface ahead.

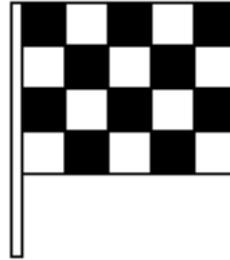

Waved - Slippery surface imminent.

**Green, yellow Chevron**  
False start. Get back in formation to take start.

**Black, Orange Disc**  
Notification of apparent mechanical failure which might not be obvious to the driver. The kart concerned must return to the pits for repairs on the next lap. Displayed with number.

**Black & white chequered**  
Practice or race finish.

## Driving Standards

All starts will be 'slow rolling' in 2 rows with the pole position on the inside. The start signal will be by the extinguishing of the official Red start light. Should the Red light remain on this indicates a false start whereby all competitors will continue for a second slow rolling lap. The pole driver dictates the 'slow lap' pace and drivers must remain in grid formation until the start signal is given. Drivers then race to the chequered flag.

There will be a strict '**No Contact**' rule applied to all races. Avoidable and deliberate contact with another competitor will result in penalties. All marshals and officials will be deemed as judges.

More than one change of direction to defend a position is not permitted. Any driver moving back towards the racing line, having earlier defended his/her position off-line, should leave at least one kart width between his/her own kart and the edge of the track on the approach to the corner.

Any driver defending his/her position on a straight, and before any braking area, may use the full width of the track during his/her first move, provided no significant portion of the kart attempting to pass is alongside his. Whilst defending in this way the driver may not leave the track without justifiable reason.

For the avoidance of doubt, if any part of the front nose cone of the kart attempting to pass is alongside the rear wheel of the kart in front this will be deemed to be a 'significant portion'
